PREMIER WIRELESS™

T-MOBILE FOR BUSINESS REGISTERED PARTNER

Add Always-On Connectivity to Your Existing Camera System.

Already Have Bus Cameras? But Need Real-Time Camera Access?

Many bus operators already have camera systems installed on their vehicles—but the video often isn't accessible until the bus returns to the depot.

CamConnect™ transforms existing bus camera systems into connected, always-on video solutions by adding the rugged a 5G cellular router—without replacing your existing cameras or DVR.

Using a rugged 5G router and T-Mobile's nationwide 5G network, transportation operators can securely stream live video from existing onboard camera systems, improving visibility, accelerating incident response, and extending the value of their current camera investment.

Why CamConnect™?

- Works with existing camera systems
- No camera replacement required
- Live remote video access
- Rugged vehicle-ready router
- Secure nationwide connectivity
- Quick deployment

Ideal For

Public Transit Agencies
Municipal and regional bus systems

Charter Bus Operators
Private passenger transportation

Motorcoach Companies
Long-distance and tour transportation

Airport Shuttle Services
Airport, hotel, and parking shuttles

Corporate Shuttle Fleets
Employee and commuter transportation

Casino & Resort Transportation
Guest shuttle services

Benefits

- Protect your existing camera investment.
- Improve operational visibility.
- Respond to incidents faster.
- Reduce hardware upgrade costs.
- Keep vehicles connected wherever they operate.

Brought to you by Premier Wireless
Powered by T-Mobile's Network

Your cameras are already working. Now view them in real time.
