Is Your Practice Ready for Remote Patient Monitoring?

Gain greater visibility into your patients' health, support more proactive care, and explore the clinical, operational, and financial potential of RPM.

Complimentary Connected Care & RPM Readiness Assessment

A $1,500 Value | Provided at No Cost

Successful Remote Patient Monitoring (RPM) requires more than technology. Premier Wireless' complimentary assessment helps healthcare providers identify where RPM could deliver meaningful value, uncover potential barriers, and determine practical next steps toward implementation.

What We'll Assess

Patient Opportunity

Identify patient populations and chronic conditions that could benefit most from ongoing remote monitoring.

Current Care Model

Explore gaps in monitoring patients between visits and opportunities for earlier intervention.

Workflow & Staffing

Evaluate how patient readings, alerts, and escalation processes could fit into existing clinical workflows.

Technology & Connectivity

Identify device, connectivity, and integration requirements, including solutions that don't depend on patient smartphones or home Wi-Fi.

Patient Adoption

Identify potential barriers to patient enrollment, onboarding, engagement, and ongoing participation.

Financial & Organizational Readiness

Explore potential reimbursement opportunities, program economics, staffing requirements, and organizational readiness.
