

Rugged Mobile Technology for Law Enforcement

Connected From Dispatch to the Field

Law enforcement teams need reliable communication, durable devices, and access to the information they need — wherever their work takes them.

Premier Wireless delivers mission-critical connectivity and rugged technology solutions designed to support officers, field personnel, and command teams across daily operations and critical incidents.

Sonim's ultra-rugged devices provide a purpose-built mobile platform for communication, field applications, workflows and real-time information.

Built for the Field

Law enforcement equipment needs to perform through long shifts, unpredictable conditions and demanding environments.

Sonim devices offer:

**OneTouch Push-to-Talk
and ultra-loud audio**

**All-day battery life and 5G
on compatible models**

**Glove- and wet-friendly
touchscreen options**

**Large displays and tactile
controls**

**Camera and no-camera
options**

Emergency alerts

**Impact, dust and water
resistance**

**Non-Incendive Class I, II, III
Division 2 certification on
applicable models**

**3-year comprehensive
warranty**

Communication That Works Around the Job

Different roles require different levels of functionality.

Sonim devices support a range of law enforcement workflows, from straightforward push-to-talk and messaging to smartphones capable of running enterprise applications, reporting tools and cloud-based systems.

Sonim XP10

A high-performance rugged smartphone designed for enterprise applications, workflows, reporting and field visibility.

Sonim XP5plus

A compact, rugged flip phone with simple controls, loud audio and support for PTT and emergency alert functionality.

Sonim XP3plus

A rugged communication device with tactile controls, large keypad options, loud audio and support for PTT, voice and text.

The Right Technology Starts With the Right Partner

Premier Wireless helps public safety agencies evaluate, deploy, manage and support the technology their teams depend on.

Let's build a public safety mobility solution around your operation.
