

## Always-On Communication for Childcare Center

### Communication Hub — Reliable Communication for Daycare Operations

When parents trust you with their children, reliable communication is critical. If internet outages, storms, or service disruptions occur, daycare centers must still be able to reach parents, coordinate staff, and maintain daily operations.

The **Communication Hub** provides voice, messaging, email, and hotspot connectivity in a single portable device powered by the **T-Mobile network**. This ensures your center can continue communicating with parents, coordinating classrooms, and maintaining safety — even when your primary internet or phone systems go down.

#### Key Features

- ✔ E911 compliant — shares your location automatically when calling 911
- ✔ Keeps your phone lines working — automatically switches to cellular if your internet goes down
- ✔ Portable communication hub for the front desk or administrative office
- ✔ Integrated voice, messaging, email, and hotspot connectivity
- ✔ Built-in battery backup for continued operation during outages

#### Daycare Benefits

- **Stay reachable for parents:** Ensure parents can always contact your center regarding their children.
- **Emergency communication readiness:** Enable reliable 911 calling with E911 location accuracy, plus direct communication with parents and staff during outages
- **Support essential communication tools:** Maintain access to critical apps and systems needed for daily operations
- **Coordinate staff and classrooms:** Keep teachers and administrators connected throughout the day.
- **Maintain trust with families:** Ensure your daycare remains operational and communicative during disruptions.

## Use Cases for Daycares

### Front Desk Communication Backup

If your internet or phone system fails, the Communication Hub keeps the front office reachable for parents.

### Emergency Communication Center

Quickly coordinate staff, notify parents, or contact emergency services with E911-enabled location accuracy.

### Connectivity Support for Critical Systems

Maintain access to essential communication tools and systems without relying solely on your primary internet.

### Business Continuity for Front Office Operations

Keep enrollment, billing, and parent communication running even during internet or phone outages.

**Keep parents informed. Keep  
your center connected.**
