

## Total Visibility for Moving Hotel Operations

Real-time insight to protect vehicles, equipment, and staff across your property.

### The Problem

Your hotel depends on vehicles and mobile assets to keep operations running — but without visibility, control is limited.

- Service vehicles leave property without tracking.
- Security incidents lack mobile video evidence.
- Equipment and carts go missing.
- Staff response is delayed without real-time insight.

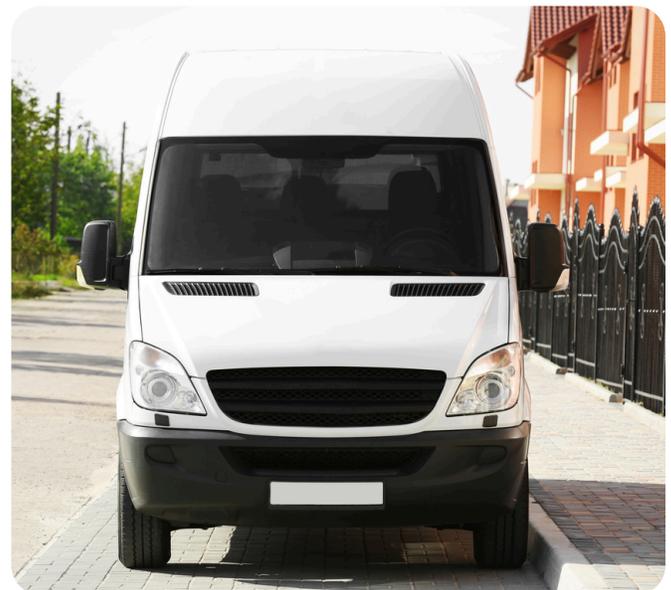

These gaps create operational inefficiencies, increase loss, and introduce unnecessary risk.

### The Solution

**Hotels need real-time visibility across every moving part of their operation.**

Premier Wireless delivers real-time vehicle tracking and mobile video visibility—powered by T-Mobile’s nationwide 5G network—so hotels can monitor, protect, and optimize mobile operations.

- ✔ Real-time tracking of hotel vehicles and service carts
- ✔ Improved staff safety and faster incident response
- ✔ Reduced asset loss and unauthorized use
- ✔ Greater operational efficiency and accountability
- ✔ Full visibility across your entire property

## How It Works

### SafeSight Mobile Video Monitoring

- ✓ HD video visibility across vehicles and mobile zones
- ✓ Real-time streaming, alerts, and cloud playback
- ✓ AI analytics and panic alert integration

### SafeTrax 360 Vehicle & Asset Tracking

- ✓ Live GPS tracking with geofence alerts
- ✓ Monitor vehicles, carts, and critical equipment
- ✓ Cloud dashboard with automated reporting

**Know where everything is. Respond faster. Operate with confidence.**

**Bring visibility and control to every corner of your hotel operation.**

**Talk to Premier Wireless about a connectivity assessment for your property.**
