

Instant Communication for a Moving Hotel Team

Reliable, one-touch staff communication across your entire property.

Hotel Push-to-Talk Communication

The Problem

Hotel teams are constantly moving — across floors, buildings, and outdoor areas — but communication tools often can't keep up.

- Calls go unanswered.
- Messages are delayed.
- Staff rely on personal phones or outdated radios.
- Emergency alerts don't reach the right people fast enough.

When communication slows down, service, safety, and coordination suffer.

The Solution

Hotels need instant, reliable communication that works everywhere on the property—without relying on personal phones or outdated radios. Premier Wireless delivers instant, one-touch communication across your entire team — powered by T-Mobile's nationwide 5G network — keeping staff connected wherever they are.

- ✔ Instant Communication between departments
- ✔ Faster response to guest needs and emergencies
- ✔ Reliable and affordable
- ✔ Reduced reliance on personal devices
- ✔ Safer, more efficient hotel operations

How It Works

Siyata SD7 Device

- ✓ Rugged handheld device built for hospitality teams
- ✓ Dedicated emergency alert button for immediate response
- ✓ Reliable performance across indoor and outdoor environments

T-Mobile Direct Connect

- ✓ Instant one-to-many push-to-talk communication
- ✓ Secure, encrypted communications for staff coordination
- ✓ Powered by T-Mobile's Network with priority connectivity

T Mobile

Communicate instantly. Respond confidently. Keep your entire team connected.
