

Always-On Visibility for Every Corner of Your Store

Protect your store 24/7 with AI-powered Katalyst cameras designed for modern retail environments.

From entrances and checkout areas to stock rooms and back-of-house operations, Katalyst delivers real-time visibility, intelligent alerts, and centralized monitoring—so your team can respond faster and operate with confidence.

Katalyst for Retail Environments

Ideal for:

- Store entrances & exits
- Checkout & cash wrap areas
- Sales floors & high-value merchandise zones
- Stock rooms & employee-only areas
- Multi-location retail operations

Key Retail Capabilities

- **AI-Powered Detection** – Identify people, objects, and activity patterns to reduce false alerts
- **HD Video & Smart Analytics** – Clear footage for loss prevention, incident review, and dispute resolution
- **Always-Connected Monitoring** – 4G/5G connectivity keeps cameras online even during network outages
- **Centralized Multi-Store Management** – Monitor all locations from one dashboard
- **Secure Cloud Recording** – Access footage anytime, anywhere
- **Remote Access** – View live feeds and alerts from any device

Built for Retail Operations

- **Always-On Visibility** – Know what's happening across your store in real time
- **Faster Response Times** – AI alerts help teams act before issues escalate
- **Loss Prevention & Safety** – Deter theft, improve staff safety, and protect customers
- **Operational Insights** – Use video intelligence to improve store layout and traffic flow
- **Scalable by Design** – Easy deployment across single or multi-location retail brands
