Sonim Solutions /Healthcare

Built strong, built smart and built to last a long shift, just like you.

Stay connected and sanitized with the ultra-rugged, ultra-reliable devices designed to be disinfected.

From medical staff to reception and maintenance, healthcare workers need mobile solutions that work as hard as they do.

A substantial upgrade to the traditional pager, Sonim's ultra-rugged mobile devices were purpose-built to withstand the most hazardous conditions and stressful days on the job.

From pre-deployment to the every-day, Sonim solutions thrive in the healthcare industry, delivering reliable, streamlined communication and multi-shift battery power that can lastall day, all on a device that can be scrubbed, submerged and sanitized with the harshest disinfecting agents. With customized and remote deployment solutions, easy-to-use messaging applications, Wi-Fi capabilities and dedicated Push-To-Talk, we keep your team connected, so that they can focus on serving and saving lives.

Healthcare partners prefer the Sonim XP Pro, XP5plus 5G & XP3plus 5G

- Disinfect with harsh cleaning agents including bleach

Productivity

Your productivity is mission critical, Sonim was purpose-built to help. With easy-to-use PTT on all devices and a selection of camerafree devices, Sonim solutions are designed to keep your team connected and HIPAA compliant with ease.

- Dedicated OneTouch PTT for quick emergency communication
- Multi-shift battery life
- Sonim Scout quick device-provisioning and mobile device management included
- Glove-friendly and wet compatible touchscreen and tactile buttons.
- Additional programmable buttons and customized user profile settings

Sanitation & Safety

Technology solutions that provide peace of mind.

- Chemical-resistant and safe to disinfect with chlorine bleach, isopropyl alcohol, detergents & more
- Emergency alert/panic button
- Can be safely submerged in cleaning agent for up to 30 minutes
- Non-camera version available (XP3plus 5G)

Durability

Designed and built to meet the most punishing, demanding and exacting Rugged Performance Standards in the industry, including rigorous cleaning and disinfecting.

- Non-Incendive Class I, II, III Div 2 ratings
- Waterproof, fully submersible and pressure-washable
- Drop, impact, shock, pressure and puncture resistant
- Completely sealed against dust and micro-particles
- Chemical and oil resistant, designed to be disinfected with harsh cleaning agents
- 3-year warranty

Powerful Apps and Accessories
