Zebra Technologies and T-Mobile: Powering the Future of Retail

Certified for Excellence. Ready for Retail.

Zebra's cutting-edge mobile computers, now certified on the T-Mobile network, are engineered to meet the dynamic demands of the retail industry. Empower your team with the tools they need to deliver exceptional customer experiences, optimize operations, and drive sales. From the front of the store to the backroom, our devices provide the reliable, high-speed connectivity essential for modern retail.

OUR T-MOBILE CERTIFIED DEVICES:

TC27

The ultimate smartphone-style mobile computer for retail associates. Its large 6-inch screen, integrated scanner, and rugged design empower your team to access inventory data, process payments, and communicate seamlessly, all in a sleek and user-friendly package.

TC58

For more demanding tasks, the TC58 offers a step-up in performance and durability. Built for the toughest retail environments, it features advanced scanning, a powerful processor, and the latest wireless technologies, making it the perfect tool for managers and specialists who need a device that can do it all.

TC78

The ultra-rugged TC78 is engineered to withstand the most challenging conditions. With superior durability, advanced scanning capabilities, and a long-lasting battery, it's the ideal choice for back-of-store, warehouse, and logistics applications where reliability is paramount.

HC25 & HC55

Designed for healthcare but equally valuable in retail environments with pharmacies or wellness clinics, the HC25 and HC55 offer a disinfectant-ready housing and advanced data capture capabilities. They provide a secure and reliable mobile computing solution for handling sensitive tasks with confidence.

EM45

The EM45 is a versatile and powerful enterprise mobile computer designed for a wide array of applications. Its rugged construction, advanced scanning technology, and long battery life make it a dependable choice for demanding retail workflows.

ET65

The ET65 enterprise tablet is perfect for a variety of retail applications. Its large display, advanced scanning capabilities, and rugged design make it an ideal choice for managers and associates who need a powerful and versatile device for tasks like inventory management, assisted selling, and mobile point of sale.
