

Real-Time Asset & Fleet Visibility

Real-time visibility from dispatch to job site.

Track vehicles, trailers, heavy equipment, and high-value assets in real time. SafeTrax365 delivers GPS tracking and automated alerts over the T-Mobile's network, helping field operations reduce loss, improve response times, and increase efficiency across their operations.

Key Features

- ✓ Live GPS tracking with geofence alerts
- ✓ Real-time location updates for vehicles and equipment
- ✓ Cloud-based dashboard with history, reporting, and insights
- ✓ Easy-install trackers for vehicles and equipment
- ✓ Battery-powered and hardwired options for flexible deployment
- ✓ Rugged, reliable devices built for field environments

Field Service Benefits:

- Prevent equipment loss — Track assets in real time
- Improve crew accountability — Know where teams are working
- Improve response times — Quickly locate vehicles and equipment
- Gain full visibility — Monitor vehicles and job sites from one dashboard

Delivered by Premier Wireless, powered by T-Mobile's network
Know where everything and everyone is — at all times.
