

EverLink: Connectivity That Moves With Your Fleet

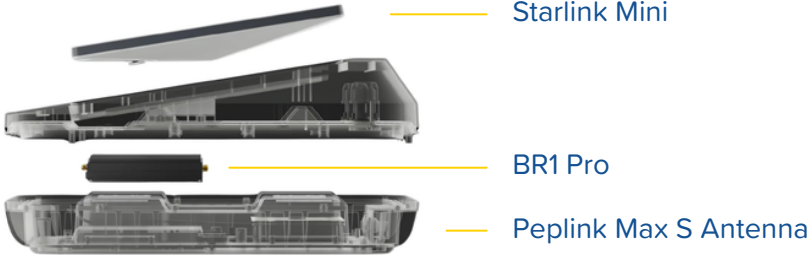

A vehicle-based connectivity solution that keeps your teams connected across routes, regions, and remote environments — even when traditional networks fail.

What is EverLink for Fleets?

EverLink for fleets is a fully integrated in-vehicle connectivity system that combines cellular, Wi-Fi, and optional satellite into one platform — delivering always-on communication for fleets operating in the field.

What's Included

- Peplink BR1 Pro Enterprise Router
- MAX S High-Performance Vehicle Antenna
- Starlink Mini
- Vehicle-mounted connectivity system
- Integrated multi-network platform
- Professional installation available

Why organizations rely on Everlink mobility

- ✓ **Connectivity Across Every Mile**
Stay connected across urban, rural, and remote routes.
- ✓ **Built-In Network Redundancy**
Automatic failover between cellular and satellite when coverage drops.

- ✓ **Mission-Critical Reliability**
Designed for operations where downtime impacts safety, service, or revenue.
- ✓ **Secure, Managed Network**
Enterprise-grade security with centralized visibility across your fleet.

Where Everlink mobility makes the difference

Utilities & storm response crews

Public safety & emergency vehicles

Rural transit and school transportation

Construction and field service fleets

Energy, oil & gas operations

Short & long-haul trucking

How to deploy

Cellular-First Fleet Deployment

Best for daily operations with strong coverage

→ **Cost-effective, scalable**

Hybrid Deployment (Cellular + Satellite)

- Dead zones
- Rural routes
- Disaster scenarios

→ **Ensures connectivity when it matters most**

Connectivity that works across your entire route — not just where coverage exists.

Proven performance features

- ✓ LTE/5G + Satellite integration
- ✓ Automatic failover across networks
- ✓ Vehicle-ready rugged hardware
- ✓ Real-time fleet connectivity
- ✓ Centralized network management
- ✓ Scalable across fleets and regions

Keep Your Teams Connected — No Matter Where They Go
