

ProteqNet™ Personal Safety Devices & Panic Buttons

Real-Time Protection for Employees in the Field, Community, and Beyond

Employees working in the field, in the community, or in unpredictable environments face real safety risks every day. When something goes wrong, response time matters.

ProteqNet™ from Premier Wireless delivers **cellular-connected personal safety solutions** designed to help protect employees, field teams, and mobile workforces with instant emergency response capabilities and real-time location visibility.

Powered by T-Mobile's nationwide network, ProteqNet devices work wherever your team does — without relying on Wi-Fi or local infrastructure.

2 Styles to Choose From

ProteqNet™ Solutions

ProteqNet One™

Connected personal safety devices and panic buttons for employee protection

ProteqNet Locate™

Location visibility and positioning during critical incidents

ProteqNet Response™

Alert monitoring and response coordination platform

ProteqNet Link™

Nationwide cellular connectivity layer powered by T-Mobile
