

ProteqNet™ for Housing Authorities

Safer Inspections and Field Visits for Housing Teams

Housing authority staff, inspectors, and field personnel routinely conduct inspections, compliance visits, and resident interactions across multiple properties and communities. When situations become unpredictable, **immediate access to assistance and real-time visibility can help improve employee safety.**

ProteqNet™ safety solutions deliver **instant emergency alerts and real-time location tracking** to help keep field personnel protected during every visit.

Powered by T-Mobile's nationwide network, ProteqNet™ devices work reliably across properties, buildings, and field environments.

2 Styles to Choose From

ProteqNet™ Solutions

ProteqNet One™

Connected personal safety devices and panic buttons for employee protection

ProteqNet Locate™

Indoor and outdoor location visibility during critical incidents

ProteqNet Response™

Alert monitoring and ProteqNet™ CoRe Dashboard

ProteqNet Link™

Nationwide cellular connectivity layer powered by T-Mobile

Key Features

- ✓ One-touch emergency alerts
- ✓ Indoor and outdoor location visibility
- ✓ Immediate supervisor notification
- ✓ Works without Wi-Fi or local infrastructure
- ✓ Easy-to-use wearable devices
- ✓ Real-time GPS tracking with timestamped location history

Government Benefits

Protect staff during property visits

Improve response times in emergencies

Reduce liability exposure

Enhance safety across housing operations

Improve workforce confidence and safety

ProteqNet™ both strengthens accountability and provides an additional layer of protection for housing authority staff conducting inspections, compliance visits, and community-based field work.
