

ProteqNet™ for Adult Protective Services (APS / Aging & Disability)

Safety Support for Those Protecting Vulnerable Populations

APS investigators and case managers routinely conduct home visits, wellness checks, and field assessments involving vulnerable adults. These interactions often occur in unfamiliar environments where employee safety and rapid access to assistance are critical.

ProteqNet™ personal safety devices provide **immediate emergency alerts and real-time location tracking** to help keep field staff protected wherever they work.

Powered by T-Mobile's nationwide network, ProteqNet™ delivers reliable connectivity without relying on local internet infrastructure.

ProteqNet™ Solutions

ProteqNet One™

Connected personal safety devices and panic buttons for employee protection

ProteqNet Locate™

Indoor and outdoor location visibility during critical incidents

ProteqNet Response™

Alert monitoring and ProteqNet™ CoRe Dashboard

ProteqNet Link™

Nationwide cellular connectivity layer powered by T-Mobile

Key Features

- ✓ One-touch emergency alerts
- ✓ Real-time GPS tracking with timestamped location history
- ✓ Immediate supervisor or dispatch notification
- ✓ Works without local internet
- ✓ Simple, wearable device options

Government Benefits

ProteqNet™ helps agencies improve employee safety, strengthen visibility, accountability, and support faster emergency response for APS teams operating in the field.
