PREMIER WIRELESS™

T-MOBILE FOR BUSINESS REGISTERED PARTNER

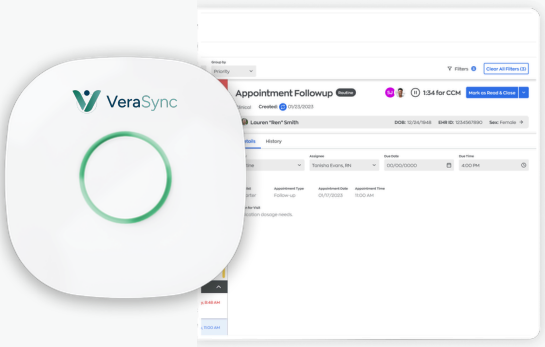

Smarter Care. Delivered Anywhere.

Connected Care Beyond the Facility

Healthcare doesn't stop when patients leave the facility. Remote Patient Monitoring enables providers to track patient health in real time—without requiring in-person visits.

Premier Wireless delivers a fully connected RPM solution that combines cellular-connected monitoring devices with a centralized software platform—enabling seamless data collection, transmission, and real-time patient visibility.

Powered by T-Mobile's nationwide network, this solution ensures reliable, real-time connectivity for continuous patient care.

Key Features:

- Cellular-connected devices — no Wi-Fi required
- Automated real-time data transmission
- Centralized patient monitoring dashboard
- Preconfigured, ready-to-use device kits
- Real-time alerts and notifications

Healthcare Benefits:

- Improve patient outcomes with continuous monitoring
- Reduce hospital readmissions
- Enable proactive care and early intervention
- Simplify remote care delivery
- Increase patient engagement and compliance

Brought to you by Premier Wirless, powered by T-Mobile's network

Extend care beyond the facility with real-time patient monitoring.
