Mobile Connectivity for Home Care Teams

Keep caregivers connected in the field.

Home healthcare teams rely on mobile connectivity to access patient records, update documentation, and communicate with supervisors between visits.

Smartphones, tablets, and secure mobile connectivity solutions—including routers and hotspots—powered by T-Mobile's network ensure caregivers remain connected wherever care is delivered.

Key Features

- Secure mobile access to EHR systems
- Real-time care documentation updates
- Messaging and communication with supervisors
- Reliable connectivity between patient visits
- Mobile hotspot and router support for tablets and laptops
- Optional personal safety devices with emergency alerting

Healthcare Benefits

- Improve care coordination across mobile teams
- Update patient records in real time
- Enable telehealth and remote communication
- Reduce delays in care documentation
- Enhance caregiver safety during home visits

Powered By: Premier Wireless, brought to you by T-Mobile's Network.

Keep your home care teams connected anywhere.
