

ProteqNet™ for Healthcare & Home Health

Protect Healthcare Workers Wherever Care Happens

Healthcare professionals increasingly provide care beyond traditional facilities—conducting home visits, supporting patients in the community, working night shifts, and responding to unpredictable situations.

ProteqNet™ helps healthcare organizations **improve employee safety with connected panic buttons**, real-time location visibility, and emergency response workflows powered by T-Mobile's nationwide network.

Whether supporting nurses, social workers, home health teams, behavioral health professionals, or mobile healthcare staff, **ProteqNet™ helps ensure assistance is always within reach.**
