READY FOR EMERGENCY DEPLOYMENT

10 Sonim XP3plus 5G devices pre-positioned for emergency use, backup communications or rapid deployment.

BUILT-IN REDUNDANCY

Multiple ways to stay connected, including voice, text, data, Wi-Fi Calling and optional T-Mobile Direct Connect.

ESTABLISHED T-MOBILE SERVICE

Having an active T-Mobile account already in place can help an agency move faster if additional devices or services are suddenly required.

A Small Investment In Readiness

A major advantage when every minute counts

Use the Go-Case for:

Emergency Response

Backup Communications

Mutual Aid

Incident Command

Evacuations

Network Redundancy

Rapid Team Deployment

**10 DEVICES.
1 PROTECTIVE CASE.
ALWAYS READY.**

Premier Wireless can configure the complete Go-Case solution, including the rugged protective case, dedicated chargers and device setup.
