ProteqNet™ For Security Services

Workforce Visibility, Accountability & Safety for Security Operations

Security officers often work alone, patrol large properties, respond to incidents after hours, and operate in environments where visibility, accountability, and immediate access to assistance are critical.

ProteqNet™ gives security organizations greater visibility into their workforce with real-time location capabilities, emergency alerting, and centralized monitoring—helping teams verify activity in the field, strengthen accountability, and respond faster when help is needed.

Powered by T-Mobile's nationwide network, ProteqNet™ delivers reliable connectivity wherever security personnel operate.*

ProteqNet™ Solutions

ProteqNet One™

Dedicated cellular panic button gives security officers, patrol teams, and lone workers an immediate way to request help.

ProteqNet Locate™

Indoor and outdoor location visibility helps supervisors see where personnel are working and provides location context when assistance is needed.

ProteqNet Response™

Centralized alert monitoring and the ProteqNet™ CoRe Dashboard give supervisors greater visibility into personnel and incidents across the field.

ProteqNet Link™

Nationwide cellular connectivity powered by T-Mobile keeps security teams connected without relying on local Wi-Fi.

Key Features

- Fast, reliable emergency alerting
- Real-time location visibility
- Indoor and outdoor positioning support
- Works without local Wi-Fi dependency
- Centralized monitoring dashboard
- Nationwide T-Mobile connectivity

Benefits

Verify Employees Are Where They Should Be

Use real-time location visibility to help verify when officers are at assigned locations and where they are working during their shifts.

Improve Timekeeping & Payroll Accuracy

Compare location information with reported work activity to help identify time discrepancies and improve workforce oversight.

Prove the Job Got Done

Gain greater visibility into officer movement across large properties and help demonstrate that assigned patrol areas were covered.

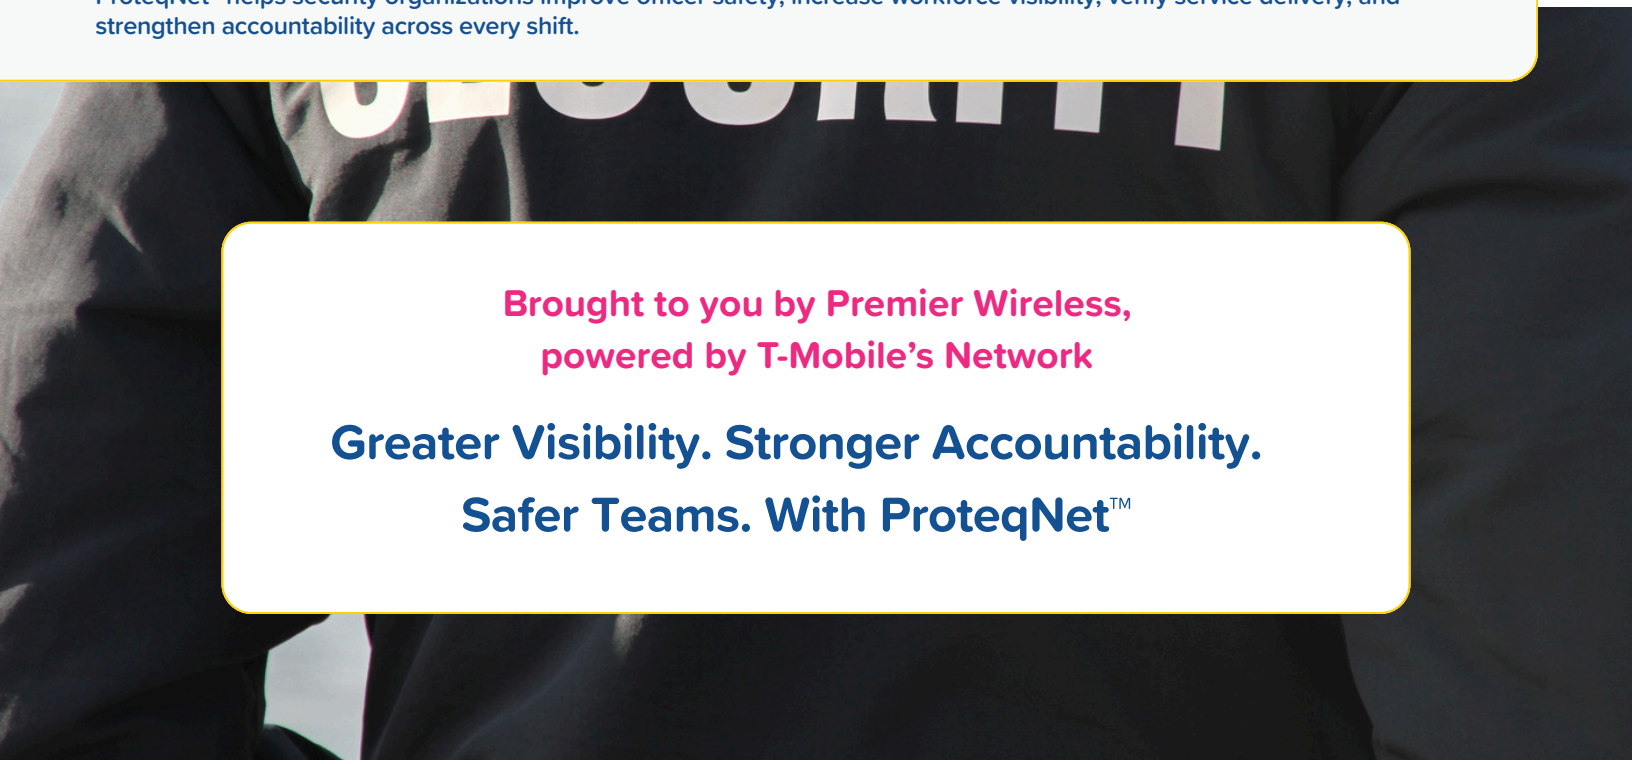

Protect Your People

Give officers a dedicated cellular panic button to request help, with location visibility that helps identify where assistance is needed.

Build Your Business on Transparency

Give customers greater confidence that their properties are being properly staffed and serviced, with objective information to help address questions or disputes.

ProteqNet™ helps security organizations improve officer safety, increase workforce visibility, verify service delivery, and strengthen accountability across every shift.
