T-Priority™ for Manufacturing

Secure, reliable connectivity is essential for today's manufacturing operations. As connected equipment, automation and data-driven technologies increase network demand, manufacturers need connectivity that can keep up—especially when congestion puts critical operations and communications under pressure.

More Connectivity. More Capability.

Manufacturers rely on connected devices, equipment and teams to keep production moving and operations efficient.

T-Priority™ helps deliver:

Faster speeds

with a performance baseline 2X faster than previously provided.

Priority access

and preemption for voice and data, helping keep critical communications and applications running smoothly.

More 5G capacity

to support connected manufacturing operations.

Better 5G coverage

reaching 98% of Americans across more than 2 million square miles.

Enhanced network security

with security built into every layer of the network.

Eligible for state and federal grant funding.

5959 Corporate Drive, Suite 1225, Houston, TX 77036

T-Priority

The Power of T-Priority™

Built by T-Mobile and deployed by Premier Wireless, T-Priority™ offers a 5G network slice for first responders and critical service providers, providing prioritized connectivity when networks are congested.

For manufacturers, T-Priority™ can help support connected equipment, remote monitoring, fleet operations, field teams and critical data applications when network demand is high.

Expanded Reach with T-Satellite™

When cellular coverage isn't available, T-Satellite™ extends connectivity beyond traditional cellular coverage, providing voice and data coverage for select applications in outdoor areas where you can see the sky.*

Built for Manufacturing. Delivered by Premier Wireless.

Premier Wireless delivers T-Priority™ to help manufacturers stay connected to the people, equipment, devices and data they rely on to keep operations moving.

EXPERIENCE THE ULTIMATE PRIORITY
